

Qualified introductions, inside your appetite.

We help independent commercial agencies get qualified appointments with business owners who fit your appetite. We map your market, reach out and have our setter qualify the people who say yes. 12 appointments in month one, then 15 per month. Appointments are never resold.

HOW IT WORKS

1

We map your market

Businesses in the area you can actually serve, inside your appetite. You keep the market list as a CSV.

2

We start the conversation

We ask about their needs and timing. Confirmed renewal dates build your calendar.

3

Our setter books it

Qualified meetings land straight on your calendar.

4

You get the context

A brief with their reason for meeting and what is known before the call.

WHAT COUNTS AS QUALIFIED

- In your territory and carrier appetite
- Above your premium or group-size floor
- A need now or within 3 months
- The decision maker is in the meeting: the business owner or the person who decides on the purchase
- Booked on your calendar. No-shows are replaced.

ADD-ON: TERRITORY LOCK

+\$1,400 / month

Only you in your area. We work with no other agency there. Billed a quarter upfront.
